

Field Master (Grass Harrows - Groundcare)

OVERVIEW

The Field Master is a compact spring-tined grass harrow with front leveling boards. It handles mole-hills and patches of manure, lifts old grass and dead vegetation, and readies the sward ahead of over seeding. Built for 3-point linkage on Cat 1 & 2 tractors, it covers around 2.5 m in one pass and offers adjustable tine angle for a tailored finish.

FEATURES

- 3 Rows Hardened Steel Spring Tines
- Adjustable Serrated Spring Mounted Levelling Boards
- Adjustable Tine Aggression
- Height Adjustable Depth Wheels
- Cat 1 & 2 (3 Point Linkage)

- Parking Stands
