

Yardmaster (Rear & Front Mounted) (Muck Scraper)

OVERVIEW

Browns Yardmaster muck scrapers have been designed to leave a clean, hygienic and non-slippery surface to livestock buildings and yards. There are three models available to satisfy different conditions which are fully galvanised to protect from corrosion.

Economy Yardmaster has a 35mm rubber blade which has good flexibility for use on smoother, flat surfaces.

Extruded Yardmaster has a 50mm rubber blade that has increased durability for use on rougher surfaces.

Fully galvanized for prolonged life.

FEATURES

- Reversible push-pull scraper blade
- Variable width, 1800mm to 2400mm (adjustable wings)
